Dyar Alharam.. Thriving Homes

Aldyar Alarabiya has chosen to reflect the beauty of engineering in Masar Makkah, within Alharam. In 10 modern residential towers, we give you the perfect place to live near Masjid Alharam, with distinctive and unmatched standards. And in a great location that connects you to the main roads and gives you easy access to your daily needs, health care, governmental, cultural, recreational, and social services. Dyar Alharam is for every happy family, looking for luxury and perfection in a way that translates their dreams into a lived reality and gives them the opportunity to create every lasting memory in their minds.

A Sense of Islamic Art

Taking inspiration from the feeling and ornamental details of Islamic Architecture, we reflected it on the design of Dyar Alharam. The tower's design elaborates a mixture of Mashrabiya, with glass windows that reflect and capture the beauty of the city, and a stone-clad facade that gives you an unparalleled view of ingenuity and solidity.

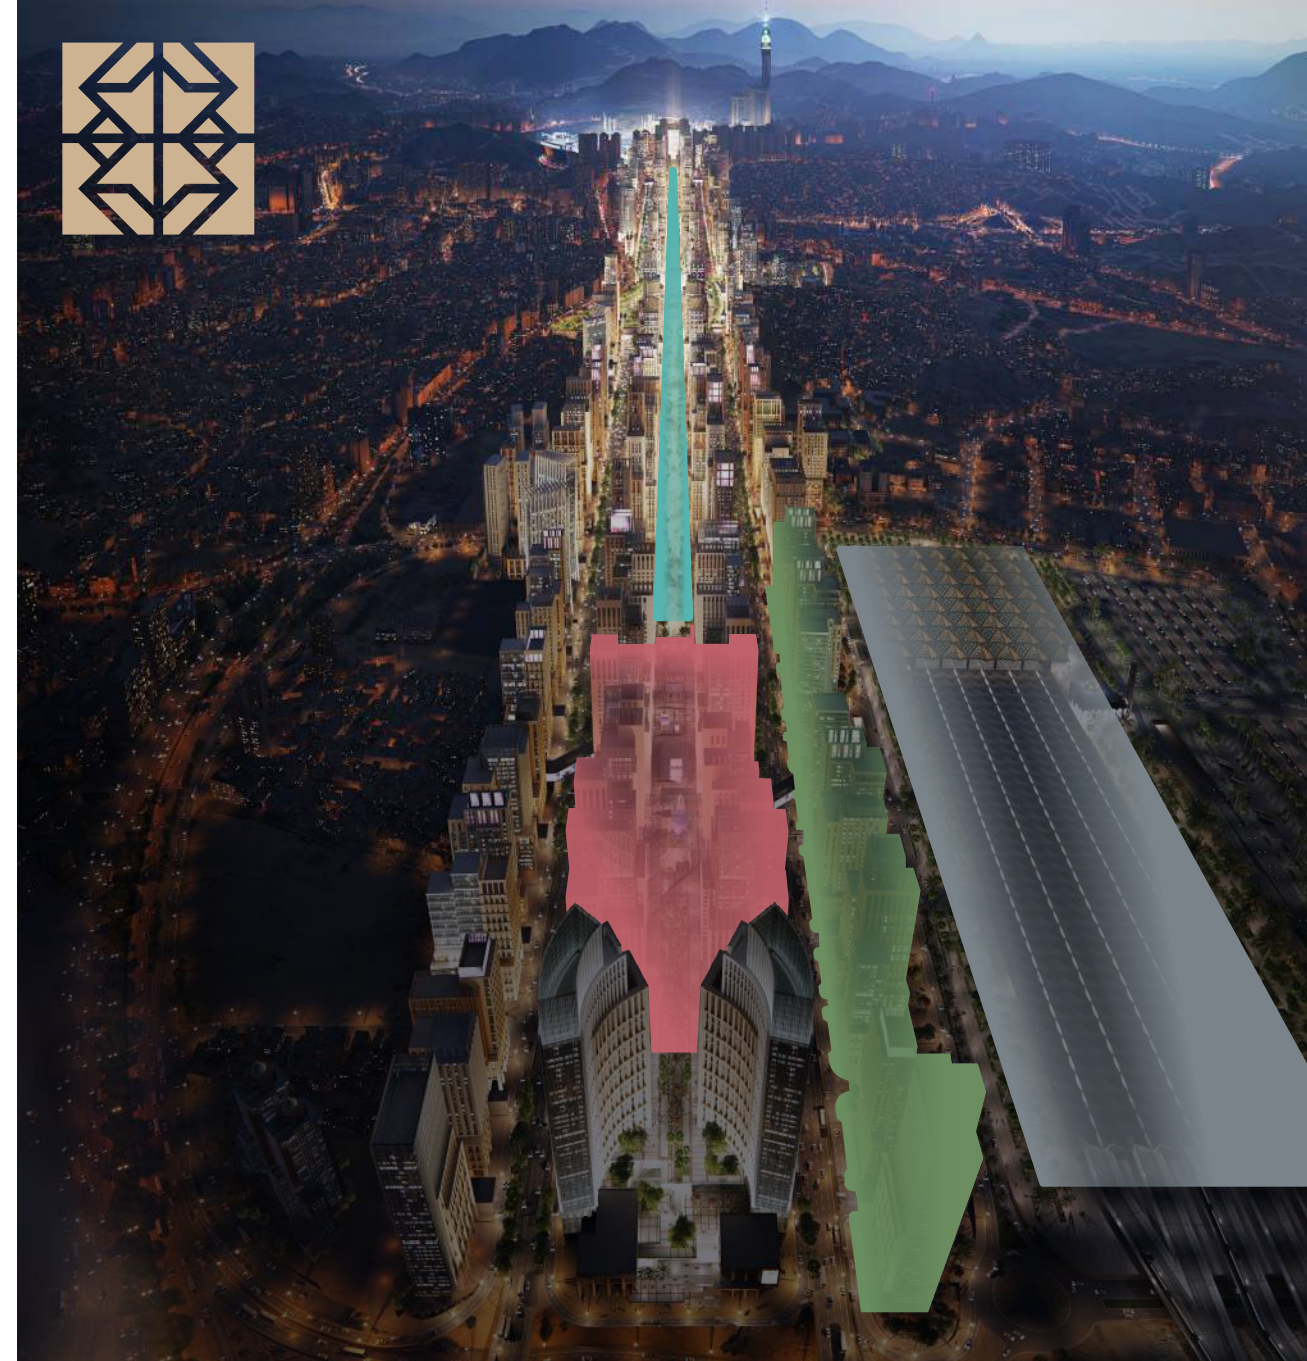

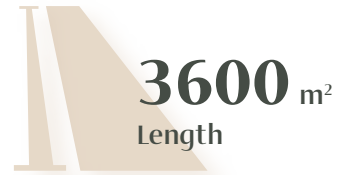

Masar Makkah.. The Future of Mecca

Dyar Alharam is an urban destination on the western end of Mecca, offering excellent development and investment opportunities with multiple unique features. It is located on King Fahad Road and is characterized by its infrastructure, with a distance of five hundred and fifty meters approximately from Masjid Alharam. Dyar Alharam has a strategic location with several components such as government services, medical centers, and culture and recreation centers.
