PALM JUMEIRAH

A NEW WAVE OF LUXURY

An aerial photograph of a small motorboat on a vast expanse of deep blue water. The boat is positioned in the upper left quadrant, moving towards the center. It has left a large, circular wake behind it, with white foam and churning water forming a wide ring. The water's surface is textured with ripples and small waves. The overall color palette is dominated by various shades of blue, from deep cerulean to bright cyan where the sun reflects off the water's surface.

## LOCATED AT PALM JUMEIRAH

With nearly 20 years of storied history, Palm Jumeirah Dubai is undergoing its most significant evolution to date.

As one of the world's most daring developments, the Palm Jumeirah in Dubai is a haven for vacationers. Jutting out into the Arabian Gulf, this artificial archipelago was built in the shape of a palm tree, with a 3-mile-long trunk and a fan of fronds lined with luxury villas and five-star hotels.
