Samana Developers Unveils "Free UAE Golden Visa" for Investors of Dh2 million Worth of Properties

(Dubai)

At the back of increasing enquiries from existing and new investors and end-users, Samana Developers today unveiled a 100% free-of-charge golden visa for its investors who buy Dh2 million (USD 544,514) and above worth of properties from any of its projects in Dubai. The golden visa holder's family automatically gets the long-term residency.

Doubling the Number of Millionaires to Dubai Samana Developers says its free golden visa offering is the first such offering in Dubai's real estate market. Six months ago, this type of visa was an indirect demand but is now being asked openly and directly. Samana Developers believes the 5-10 years residency is expected to double the number of new millionaires to Dubai from currently 4000 to 8000 by the end of this year. More millionaires landing up in UAE will increase demand for Dubai real estate backed up by UAE's ranking amongst the safest countries in the world. Golden Visa is a golden opportunity and an extra incentive for real estate buyers, along with tax benefits in Dubai. Investors in the UAE and in Dubai earlier used to buy one bedroom

Dubai's Samana Developers Sell 80% of Dhl 30 Million 'Park View' Project in Four Days
(DUBAI), United Arab Emirates, October 2021. 1.6. Following the launch of the Dhl 30 Million Samana Park Views project last week, Samana Developers today announced that 80% of units have been sold out in just four days. Buyers and brokers noted developers' commitment to building luxury lifestyle residences at affordable prices which attracted them and their investors alike.

The wellness featured design of the G-6 Park Views residential project spans over 183,323sq. ft and includes 176 studios, one, two-bedroom apartments with private pools. The project, located in Arjan, is adjacent to a community park and in close proximity to the Dubai Butterfly and Miracle Gardens, two major tourist attractions in Dubai.

Imran Farooq, Chief Executive Officer of Samana Developers, said: "We were bullish before rolling out this project as we have been receiving a high volume of interest from the investors. I believe the incorporation of resort-themed and sustainability aspects in project design will see greater interest in years to come in the wake of environmental and affordability concerns during the pandemic, which is almost over but will continue its ripple effects. Therefore, these trends will remain in demand."

The award-winning Samana Developers created the ESG-inspired luxury lifestyle design of Samana Park Views project which includes: leisure decks, common swimming pools for adults and kids separately, private pools with apartments, plenty of water features in the project, yoga zone, open cinema, bar, green areas, indoor and outdoor gyms, health club with steam and sauna facilities and 24-hour security.

"Three, five and 10 year golden visas for property investors and the UAE citizenship are some of the initiatives under UAE's economic reforms programme that are creating a sense of belonging among expatriates and is a major attraction for real estate investor", added **Imran Farooq**.
