FINISHING MATERIALS

FINISHING MATERIALS

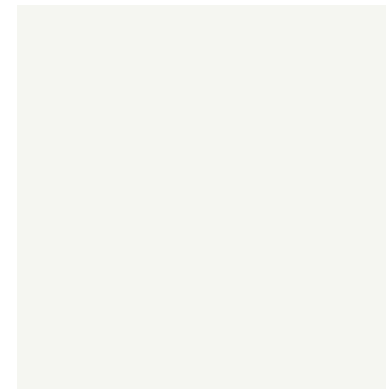

In the Iconic Tower, interiors designed by Pininfarina—the Italian icon of style—meet materials meticulously sourced by HBA, a premier firm renowned for designing luxurious ambiances in residential and hospitality sectors.

Each apartment features the finest finishing materials sourced directly from Europe, from opulent marbles to precision-engineered oak woods, ensuring that every surface resonates with elegance and the highest quality craftsmanship. Bespoke details and high-end fixtures not only enhance the visual allure but also optimize functionality and comfort, reflecting a deep understanding of luxurious living.

TECHNOLOGIES FOR ELEVATED LIFE QUALITY

WATER PURIFICATION

Anti-bacterial and disinfection systems ensure clean and safe water.

DRINKING WATER

An extra filter, R.O. PLANT, is included in the kitchen to make water drinkable.

MULTI-STAGE AIR FILTRATION

Provides a healthier living environment by removing pollutants and allergens from the air, preventing dust, and meeting medical norms in hospitals.

ENHANCE SOUNDPROOFING

Significantly reduces noise pollution with acoustic glass & glazing system, additional acoustic layers in inter-apartment spaces.

HEATED BATHROOM FLOORS

An advanced solution for premium interiors. Heated floors in the bathrooms ensure dryness and luxurious comfort.

WATER INSULATION

Advanced roof waterproofing systems, façade systems, exterior cladding systems, water evacuation glazing, comprehensive drainage systems from roof to basement providing superior weather protection.
