*The evergreen
neighbourhood
of amara*

*A vibrant scenery
inspired by
the United Arab Emirates.*

amara's landscaping design incorporates elements inspired by the rich scenery and heritage of the UAE.

Featuring graceful curves and contours reminiscent of desert dunes, this community is perched on a hilly landscape dotted with Ghaf trees and a variety of flora. The design also draws inspiration from wadis, with their meandering channels and lush vegetation. This creates a harmonious blend of both natural and cultural elements, resulting in an overall aesthetic that pleases not only the eye, but also the soul.

Discover the joy of living in a place where every step is a celebration of nature, design and the art of community.

*Just a hop, skip and a jump
away from a school, a beach
and endless meandering
pathways to explore,
there's your new home.*

Comprised of 116 distinctive twin villas, amara grants permission to surrender to vibrance.

With all the bliss and comfort you could ever dream of, this is the hillside way of life.

The twin villas showcase an interplay between pairs of adjoining volumes, recessing one-third of each twin villa to create a space for the entrance. The exterior architecture and design in turn create a dynamic street façade. Platonic volumes interlocking, reinforced with the simple elegance of the subtly textured and patterned finishes.

Semi-outdoor areas introduce greenery into the living quarters, facing the community park on one side and the public realm on the other – beautifully framing the scenic landscape.

In 1992, our founder Mr. Majid Al Futtaim envisioned how to create a signature living space in which families, friends and communities could craft lifelong memories. He wanted to transform shopping, entertainment, and leisure to create great moments for everyone, every day. As well as our world-renowned retail establishments, we create masterful living spaces within five mixed-use communities through the art of placemaking, housing more than 2,500 families across the UAE, Oman, and Lebanon.

Inspired by the gentle rise and fall of the hilly landscape of the UAE, **amara** is the final chapter in Tilal Al Ghaf - and a new beginning for the residents who will call it home.
