All photos in this presentation are taken in the immediate vicinity of SOHO SURFSIDE. This way you can get a full impression of the project and location, knowing exactly what you will see near your villa.

SOHO SURFSIDE

is 25 compact villas next to Uluwatu, a legendary surfing spot and the best known wave in Indonesia. This is the place where professional surfers strive for the most impressive videos and the most beautiful sunsets.

The project is designed specifically for surfers who own or rent villas with private access to Blue Point and Suluban beaches. The small villas of 40, 76, and 96 square meters are just 250 meters from the restaurants on the cliffs with spectacular views of the sunset ocean and the best peaks of Uluwatu spot.

BALI IS THE BEST PLACE FOR SURFERS

Today, Bali is a world-renowned resort that attracts with spiritual practices, incredible scenery, warm azure ocean and rich cultural traditions. But it all started with surfing.

In 1971, when the surf movie Earth Morning came out, the world discovered Bali with its year-round powerful swells and abundance of spots for beginners and professional surfers alike. The infrastructure built around surfing generates around half a billion dollars for Bali and Indonesia - 10% of all tourism revenues. Epic rocky beaches with restaurants on the cliffs and powerful waves attract tens of thousands of surfers every month, and demand for real estate near the best spots is only growing.

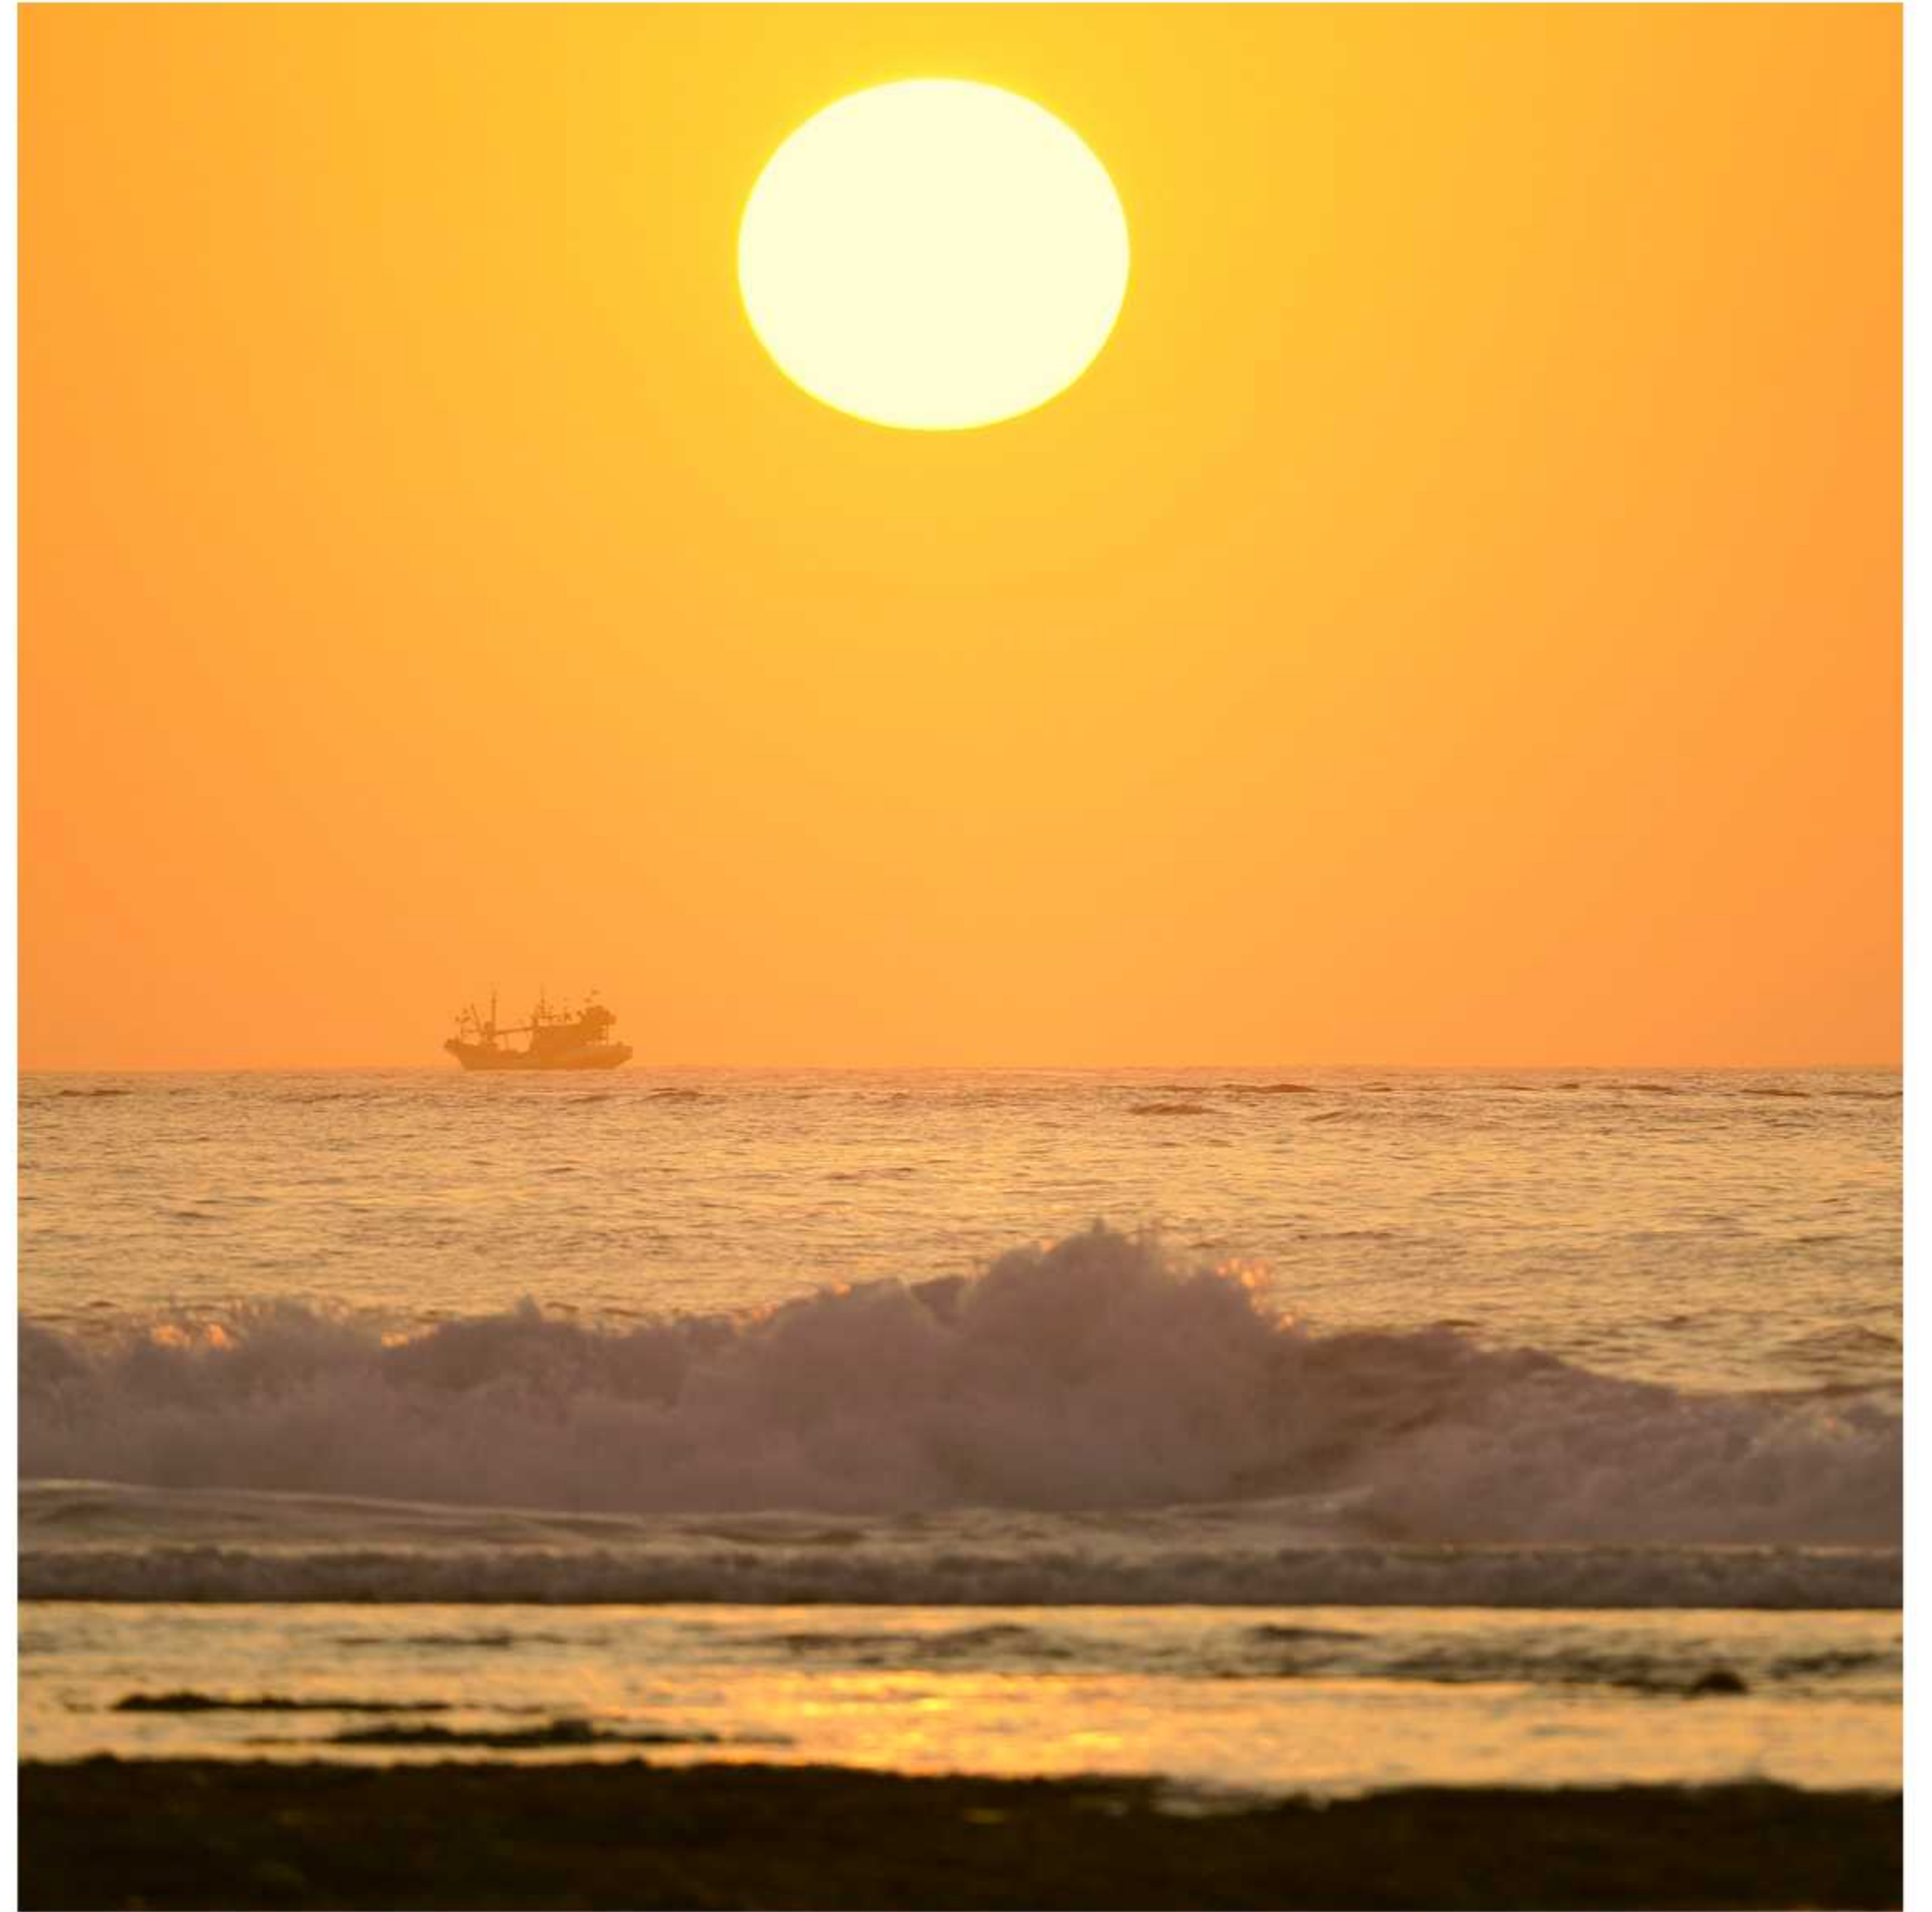

SULUBAN BEACH

Bali's best beach for professional surfers, Suluban, is just 250 meters from SOHO SURFSIDE. A rock staircase leading to an atmospheric grotto sets you up to enjoy the beauty and freedom of the beach.

This is a large spot for experienced athletes with a regular shaped wave and several peaks. On the picturesque cliff above the beach there are many cafes and restaurants. Tourists from all over the island come here daily to watch the island's most beautiful sunset over the ocean.

multifunctional center PARQ UBUD.

2

100 000 m²

we're building right now in the
best locations in Bali.

3

до 2000

people visit the center daily.
All the momentous events in Bali take
place here.

PARQ UBUD

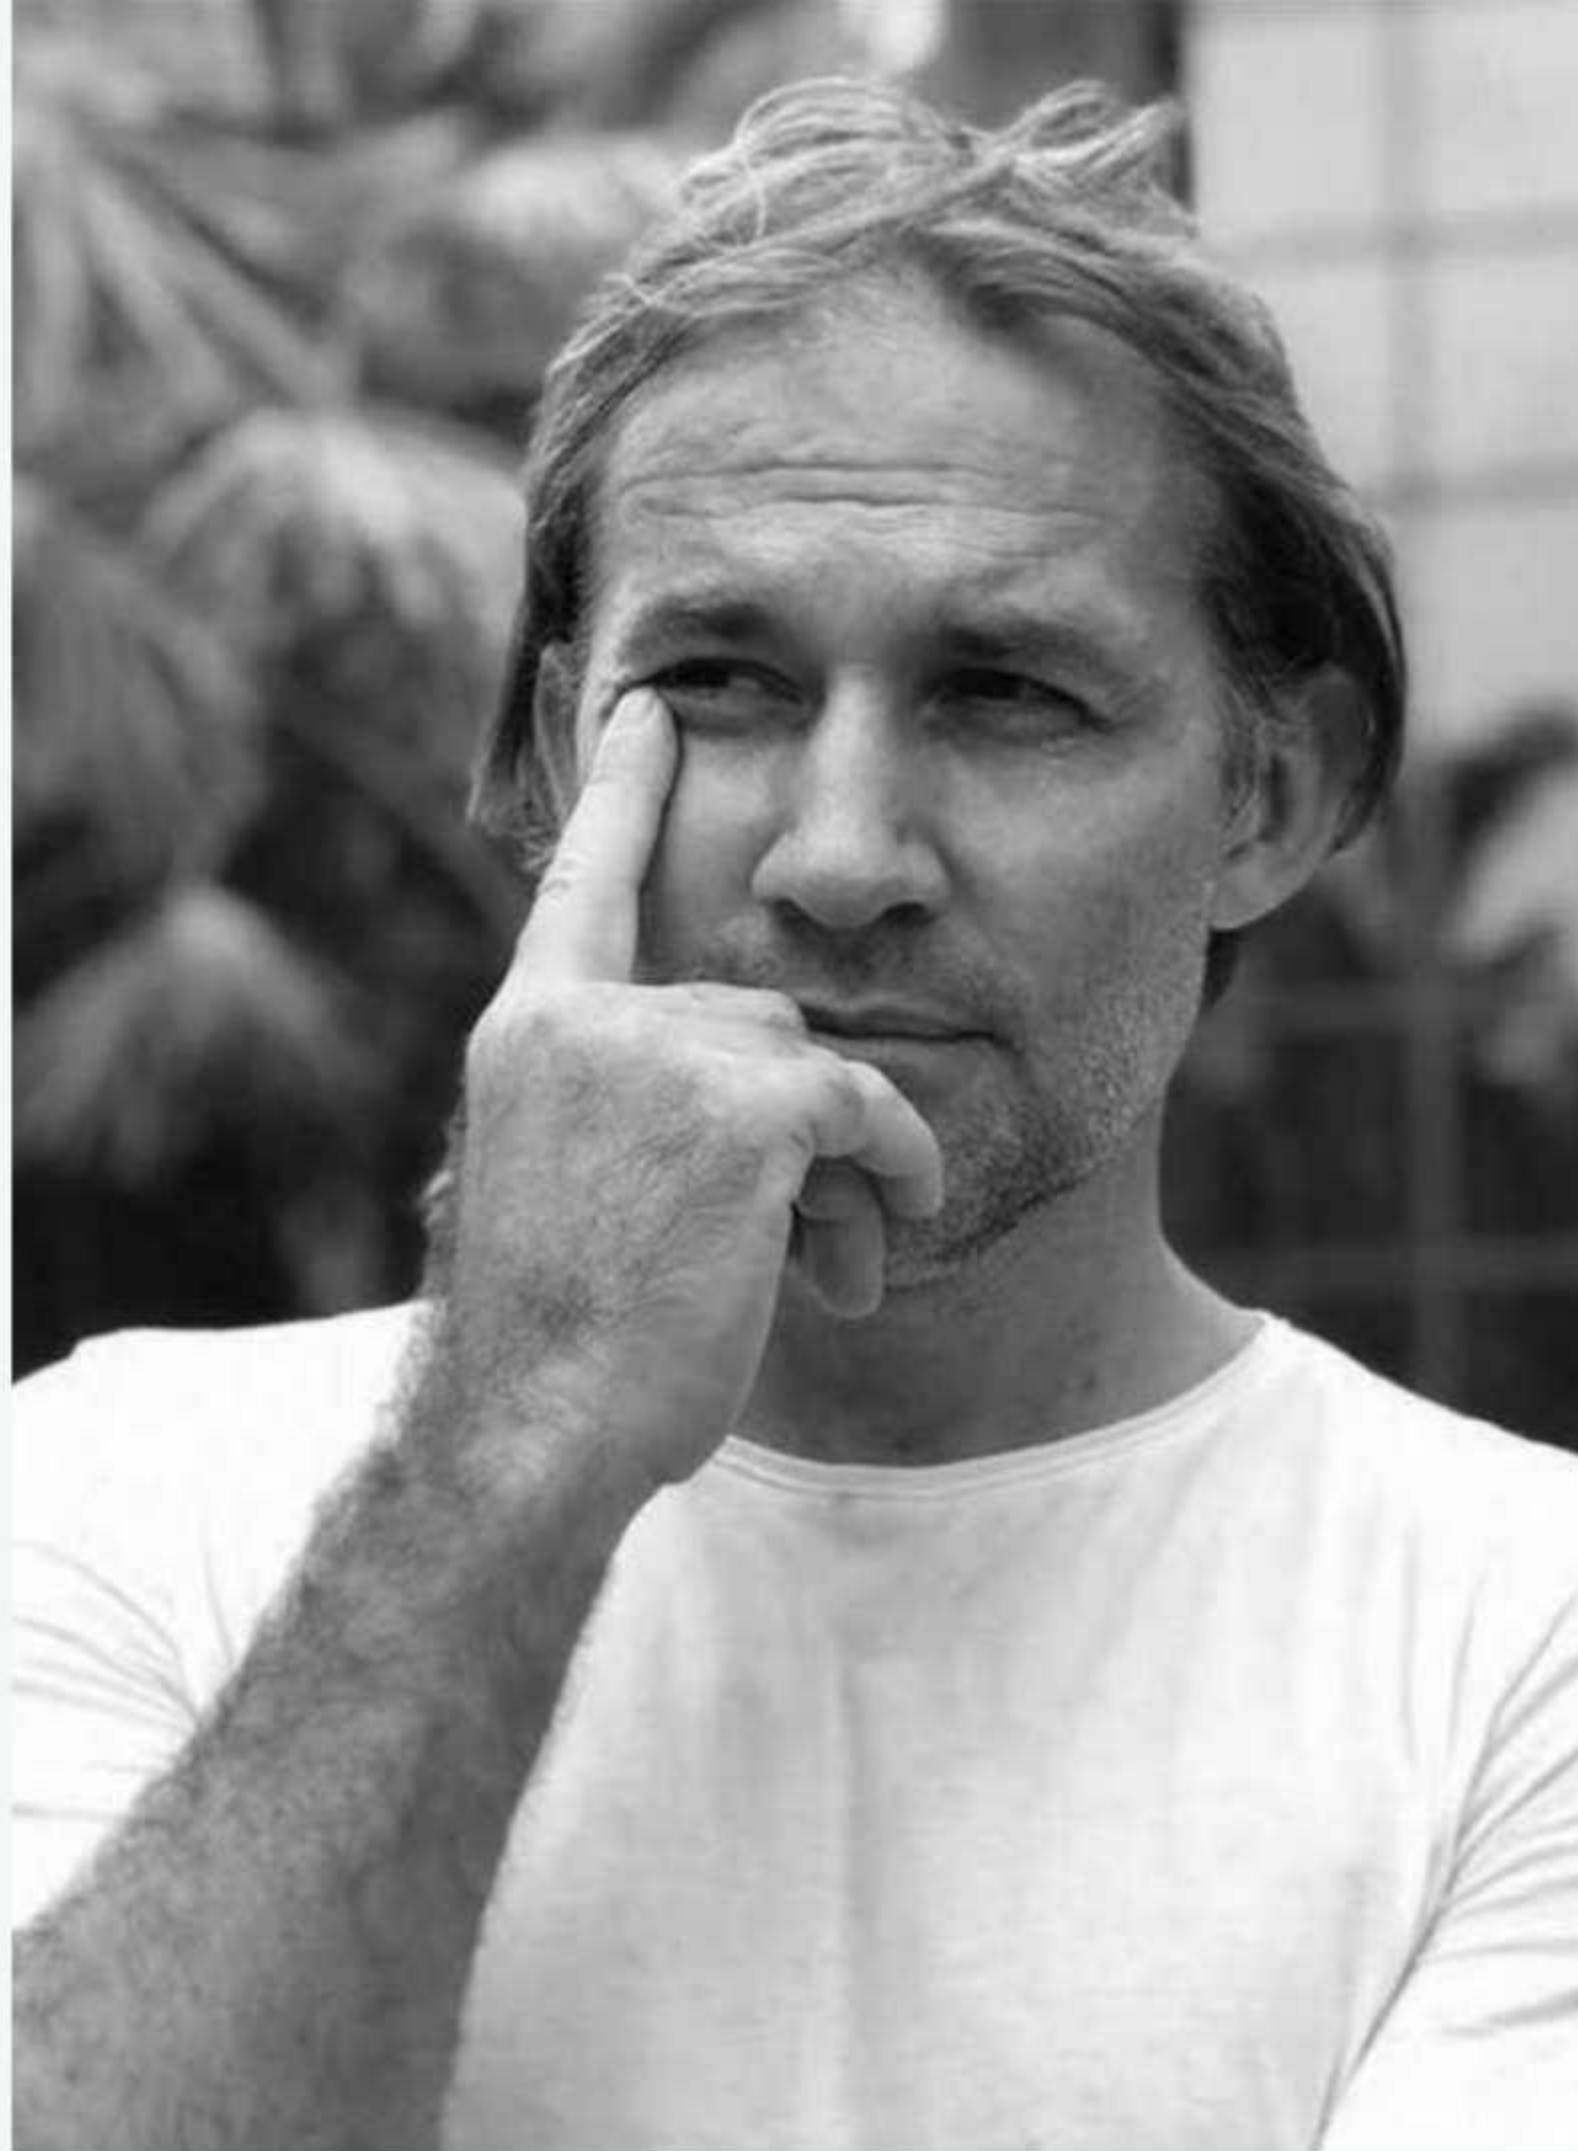

At PARQ UBUD, we have created a new point of attraction for entrepreneurs, investors, tech, and creative people from around the world. **Top events with the best speakers take place here.**

Like a magnet, **the center draws all the interesting, popular, and successful people.** At breakfast in one of **PARQ UBUD'S** ten restaurants, you can easily encounter celebrities, artists, and top business leaders.

At PARQ Ubud, the demand for housing is so high that **tenants sign up many months** in advance. And the land value next to PARQ Ubud has tripled since the complex opened.

WE DO NOT BUILD SQUARE METERS, BUT UNLOCK AND BUILD UP THE POTENTIAL OF LOCATIONS WHERE NATURAL DRIVERS OF ATTRACTION ALREADY EXIST. SOHO BY PARQ CREATES THE CONDITIONS FOR ONE OF THE BEST SURF SPOTS IN THE WORLD, ULUWATU, TO REACH A NEW LEVEL OF COMFORT AND QUALITY OF LIFE.

ANDRE FREY

The founder of PARQ DEVELOPMENT is a German developer and architect, a serial entrepreneur Andre Frey.

He has launched over 30 successful businesses in Germany and Indonesia. **Andre has already created** a 65 000 sq.m. complex in Bali that combines the most extensive infrastructure on the island with designer villas and penthouses, and the largest Eastern European community in Southeast Asia.

It also hosts all the major events of the island: conferences, concerts, festivals, fairs, clubs, and exhibitions.

Today, Andre is applying his 15-year development experience in Bali into creating a network of innovative projects in several key locations on the island.

The founder's involvement - from the concept and architecture to supervision over the nuances of construction - and his experience in developing over 100 000 sq.m. allows for creating holistic and comfortable spaces people want to live in, create in, and fulfill themselves. Here you can experience a sense of belonging, care, and a sense of freedom at the same time.
